CREATING A SUSTAINABLE PLANET THROUGH ALTERNATIVE ENERGY SOLUTIONS

HELLO

US Sun Solar is expanding rapidly! The company has opened new offices in Kansas City and St. Louis, and has hired a large number of new employees.

Welcome to the first edition of the Sun Solar Standard, the monthly newsletter for US Sun Solar. Subscribe for monthly updates about the company, our upcoming events, contests and giveaways, and more!

WHAT'S NEW

Sun Solar is now offering a new service for Tesla solar roofs! This process replaces your roof with Tesla solar shingles, which are a much higher quality than average roof shingles. This roof has the same warranty as a normal roof, but less hassle! No more worrying about the process and cost of removing and re-installing solar panels if your roof needs replacing!

The company is also offering a new leasing program. This is so that we can provide leases for solar installations instead of having to go through the bank. Contact us to learn more!

04/23/22 - 04/24/22
- **KC Sporting Game**
04/30/22

This month is going to feature seven events where Sun Solar will be represented. The schedule is listed on this page and on our website at ussunsolar.com. We hope to see you there!

Sun Solar is at the Farmers Market of the Ozarks every weekend.

It's April, which means Earth Day is almost here! We will be at the Earth Day festivals in both Springfield and St. Louis.

If you're in the Kansas City area, we will be at the St. Charles Home show at the beginning of the month and the KC Sporting Game at the end of the month.
